Weld-Ed – Changing the Image of Welding

Our Mission is to improve the quality of education and training services available to students like you to ensure that enough highly skilled materials joining technicians are available to meet the needs of industry.

Goals

- Increase the number of welding technicians to meet the on-going workforce needs
- promote enhancements in welding education and training
- promote and enhance faculty professional development and continuing education for welding educators

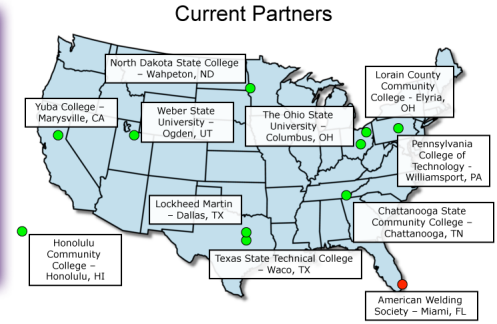

Call 866-529-9353 (WELD) or

Visit www.Weld-Ed.org or

Email weld-ed@lorainccc.edu
